10 W 12 V LED Garden Spike Light – Warm-Natural White

ABOUT THIS PRODUCT

A bright 12 V LED spike light for lighting trees, garden beds, paths and walls, in warm 3000 K or natural 4000 K white. It gives up to 950 lumens through a 60° lens, enough to light a small tree. The black die-cast aluminium head tilts on its plastic ground spike so you can aim it exactly. It runs on safe 12 V from a waterproof transformer, and you can add a dimmer or smart controller for dimming, timers and app control. Each light comes with a 1 m cable fitted.
