200 W LED High Bay – 120° Beam, 5000 K

ABOUT THIS PRODUCT

A slim, very bright round LED high bay for warehouses, factories, gyms and other high ceilings. It gives 32,000 lumens of bright 5000 K light from 200 W, more than a 400 W metal halide fitting. Its wide 120° lens suits ceilings from about 5 m. The die-cast aluminium body keeps the LEDs cool, and the anti-UV lens is sealed to IP65 and very tough at IK10. It hangs from a ring and runs straight from 240 V mains with a built-in, flicker free driver.
